ABOUT THE ARTISANS

George El Atrash started his family workshop in Bethlehem in 1967. In 1976 he moved the workshop to Beit Sahour and began to involve his brothers in the business. Today two of his sons work with him. Ten Thousand Villages has purchased products from El-Atrash Workshop since 1978.

ABOUT YOUR HANDCRAFTED TREASURE

Olive Branch Mushroom 2705160

Decorative wooden mushroom ornament is hand carved from a single branch of olive wood. This beautifully grained olive wood is hand-carved by Palestinian artisans. This piece reflects both the fine craftsmanship of Palestinian artisans and the artistry of nature. Carvers do not cut down trees for their craft, but rather use pruned branches removed to enhance the health of the trees. Decorative only. Keep out of reach of children.
